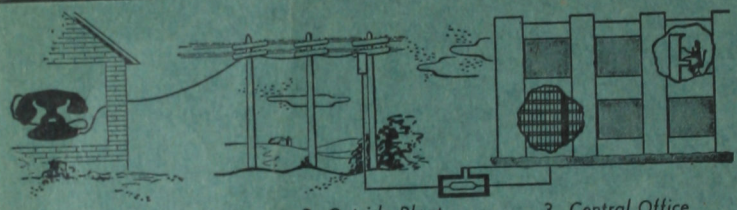
AUGUST, 1948

HAMMOND

ILLINOIS BELL TELEPHONE COMPANY

PAGES 1 TO 5 CONTAIN HELPFUL INFORMATION ABOUT YOUR TELEPHONE SERVICE
EMERGENCY NUMBERS ON PAGE 1

# NEEDED — *More than a telephone To give you service*



*1. Instruments* *2. Outside Plant* *3. Central Office*

## IT TAKES ALL THREE

1. Telephone instruments.
2. Wires or cable from the instruments to the telephone central office.
3. Switchboards and other equipment in the telephone central office.

Where there's a shortage of any one of these three, new service can be

## LONG DISTANCE CALLS ARE GOING THROUGH

The United States is smaller because of Long Distance. Today, you are as close by telephone to residents of San Francisco as you are to people in neighboring towns.

During the war we could not, of facilities, and sometimes people had Now, however, most out-of-town call Once again we can invite you to use

## SOME LONG DISTANCE RATES

**NIGHT AND SUNDAY RATES APPLY FROM 6 P.M. TO 4:30 A.M. AND ALL DAY SUNDAY**

**RATES ARE FOR 3 MINUTES (On Station-to-Station Calls of 25 Cents or Less, 5 Minutes)**

| FROM EAST CHICAGO AND HAMMOND, INDIANA TO | STATION-TO-STATION | | PERSON-TO-PERSON | |

# At Your Service

Your telephone account is handled by a young lady in our business office, called a Service Representative, whose job is to make sure your telephone service is satisfactory at all times. Whether you're moving your telephone to a new location, or have a question about your bill, or about your telephone service, she'll be glad to help you. If you're moving or discontinuing service, please let us know as far as possible in advance. Just call or dial 9981, and ask for Business Office and you'll be connected with your Service Representative.

If you prefer to transact business in person, we shall be glad to see you at the Business Office. (For location of your business office, see page 1.)

## USE THIS DIRECTORY FIRST

Many calls to "Information" are unnecessary since they are for numbers which are listed in the directory. Every operator and all telephone facilities are needed to handle today's huge volume of calls.

So please don't ask our Information operators to look up numbers unless you are sure they are not listed in this directory. You can get your call through faster by referring to this directory and calling by number.

Your cooperation is appreciated.

## TELEGRAMS BY TELEPHONE

You may telephone telegrams, cablegrams or radiograms to the Western Union Telegraph Company.

Charges for telegrams placed by telephone will appear on your monthly telephone bill by arrangement with Western Union. This arrangement does not apply to cablegrams or radiograms. On messages telephoned from public coin box telephones, you will be requested to deposit the telegraph charges in the coin box.

## YOUR TELEPHONE NUMBER

Occasionally, in the past, it has been necessary to change the telephone numbers of some of our subscribers. It may, likewise, be necessary to change some numbers in the future.

We're sorry we can't say to you, "We'll never have to change your telephone number." As a matter of fact, we don't like to change them and won't do it unless it is absolutely necessary.

## FOR YOUR PROTECTION

Naturally, our customers want to take every precaution to prevent unauthorized persons from entering their homes or places of business.

For your protection, telephone employees who visit the public, carry identification cards with their names and photographs which they will gladly show you. If you have the slightest doubt about anyone who calls "from the Telephone Company," **ask to see his credentials.**

## LOOKING AHEAD IN THE TELEPHONE BUSINESS

In the months and years ahead, the Bell System intends to go forward providing a service more and more free from imperfections, errors or delays, and at a low cost.

Here's a bird's-eye view of our long range program:

1. Obtaining and installing enough wires, cables, telephone instruments, and switchboards and other equipment in the telephone exchanges to catch up with the growing new demand for telephone service.
2. Hastening the day when we can provide normal reserves of dial and manual central office equipment, cable, wire, poles and telephone instruments—so that we may again meet customers' needs as they arise.
3. Replacing equipment installed on a temporary basis to meet the needs of war and reconversion, with new and better equipment.
4. Improving telephone equipment on customers' premises.
5. Bringing telephone service in all respects back to its pre-war quality and improving it still further.
6. Expanding the long distance network, including provision for television and the use of radio facilities. The Illinois Bell aims to have facilities ready for sending visual images of events to television transmitters wherever they may be located, when telecasters ask for them.
7. Providing more and better telephone service to farmers and others in thinly populated or rural areas.
8. Expanding services in such fields as service to motor vehicles, ships at sea and on the rivers, overseas telephone service, etc.

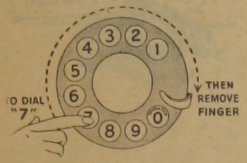
# How to Use Your Telephone

## IF YOU ARE A GARY SUBSCRIBER

### THREE SIMPLE RULES FOR DIAL CALLS

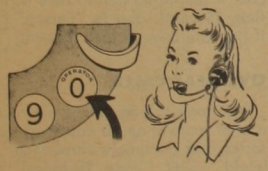
1. **Look in the directory** if you're not sure of the number.

2. **Hold the receiver to your ear** (if Coin telephone, then deposit coin). You should hear the dial tone—a steady humming sound. This is your signal to start dialing. **Listen for it before dialing.**



3. Dial the four or five figures of the number as they appear in the directory. Pull the dial all the way around until your finger strikes the metal finger stop, then **remove** your finger and let the dial return by itself.

### IF YOU NEED ASSISTANCE



Dial "0" (Operator) if you need assistance. But remember, it is faster to dial yourself.

If for any reason you cannot see the dial, feel for the opening just below the finger stop. Pull the dial all the way around, release it, and the operator will answer.

### TO CALL ANOTHER PARTY ON YOUR LINE

**If you want to know who else is on your line,** dial 114 ("Repair Service.") "Repair Service" will be glad to tell you who the other parties are.

Party line customers, when calling another telephone on their line, dial a special code number to ring the desired telephone—**not** the number as listed in the directory for that party.

#### The Code Number

1. **If you are a two-party line subscriber,**—use the code 1191 to call the other party on your line. If your number begins with the figure 4, however, the code is 1-1912.
2. **If you are a four-party subscriber—** "Repair Service" will be glad to tell you what the code is. Dial 114 ("Repair Service") and give "Repair Service" your telephone number and the name of the party on your line you wish to call. She will then tell you the proper code number. Make a note of that code number for future use.

#### How To Use The Code Number

Dial the code number. . . . Hang up your receiver to allow the other party's bell to ring. Your bell will also ring at intervals indicating that the other telephone is ringing. . . . When the ringing stops you will know the other party has answered. . . . Remove your receiver. . . . Proceed with conversation.

If your party does not answer within a reasonable period, remove your receiver momentarily in order to clear the line and stop the ringing. Then replace the receiver.

### LINE'S BUSY—THEY DON'T ANSWER

Within a few seconds after you finish dialing or giving your number to the operator you will hear:

**The ringing signal**—an interrupted "burring" sound. If, after a reasonable time, your party doesn't answer, hang up. When using a coin telephone, your coin will be returned.

**The Busy Signal**—a "buzz-buzz-buzz" sound. If you hear this signal, hang up before making another call. When using a coin telephone, your coin will be returned.

## FOR EAST CHICAGO, ROBERTSDALE AND WHITING SUBSCRIBERS

### THREE SIMPLE RULES FOR NON-DIAL CALLS

1. **Look in the directory** if you're not sure of the number. If you do not find the number ask for "Information."

2. **Listen for operator's** "Number, please?"
3. **Give number to operator.** Always speak distinctly in an ordinary tone of voice directly into the mouthpiece.

### TIPS TO TELEPHONE USERS

#### "BEEP" TONES TELLS WHEN CONVERSATION IS BEING RECORDED

If you ever hear a brief, high, almost musical note on your telephone line while you are talking—a sort of gentle "beep" repeated every 15 seconds or so—you will know that the person to whom you are talking has a recording machine which is making a record of your conversation.

The signal is produced automatically by the device used to connect the recorder to the telephone line, and it is provided by the telephone company for your protection.

If you do not want a record made of what you are saying, ask the person with whom you are talking to disconnect the recording machine. The "beep" signal stops when the recorder is disconnected.

**Use of a recorder without this signal is unlawful.**

#### "PARTY LINE COURTESY" PAYS

Since telephone equipment is scarce many of our customers are using party-line service temporarily.

The best party-line service for all depends on courteous, co-operative use of the line by all.

You can do **your** part by following these suggestions:

- Hang up quietly if the line is in use.
- If it is necessary for you to make consecutive calls, wait a few minutes between each call.
- Answer your telephone promptly.

# YOUR OPERATORS EXPLAIN OUT-OF-TOWN CALLS

### CALLS TO NEARBY PLACES

"I'm your regular operator, and I can connect you with many of the nearby places. (For a list of these nearby cities, please see the table on page 5 of this directory.)

"If you don't know the number of the telephone you wish to call please refer to the directory first. If you don't find it, ask for 'Information' or from a Dial telephone, dial 113 who will obtain the number for you.

"Person-to-person and Collect calls to nearby towns are handled by a Long Distance operator."

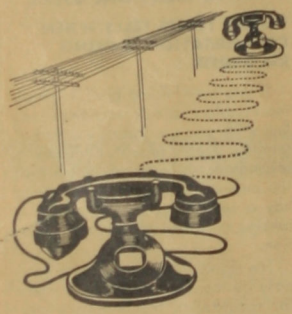
### "LONG DISTANCE"

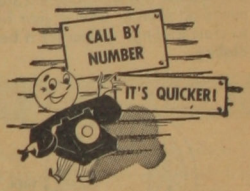
"I'm your Long Distance operator, and your regular operator will connect you with me. From a Dial telephone, dial 110.

"The last time we invited you to make more out-of-town calls was away back in 1941.

"Now service is getting back to pre-war speed; once again we can invite you to use Long Distance.

"When you do use it, I'll appreciate it if you'll give me the number of the party you are calling. It will help your call go through that much faster."





### STATION-TO-STATION

When you want the operator to do nothing more than ring a telephone number, place your call "Station-to-station." Charges begin when anyone answers at the called telephone or private switchboard. Station-to-station rates are lower than Person-to-person rates.

For faster service, you are urged to place these long distance calls by telephone number whenever possible.

### PERSON-TO-PERSON

Make a "Person" call when you want a particular person, or a particular telephone or department reached through a private switchboard. Rates are higher than "Station" rates, but charges don't begin until the person or department you want answers.

If you call from one point to another in Illinois, a Report Charge is made if the person you want cannot be reached and you ask the operator to cancel the call.

### REDUCED RATES

Between 6:00 P.M. and 4:30 A.M., Monday through Saturday, reduced rates are in effect. Rates are also reduced all day Sunday and on Thanksgiving, Christmas and New Year's. The reduced rates apply to "Station" calls if the initial period rate is more than 35 cents, and to "Person" calls if the rate is more then 50 cents.

### COLLECT CALLS

If you place a call "Collect," and it is accepted on a "Collect" basis by the person you are calling, it is paid for by him instead of you. The charges are the same as on a regular Station-to-station call or Person-to-person call with one exception: There is a small additional charge on Station-to-station calls to telephones in Illinois when the initial rate is 30 cents or less and to telephones outside of Illinois when the initial rate is 20 cents or less.

On calls within the State of Illinois: If the party you are calling doesn't accept the charges, a "Report Charge" applies—to be paid by you. No "Report Charge" is made, however, if you decide to pay for the call yourself.

### OVERSEAS CALLS

You may talk by telephone to any one of more than 60 countries, territories and dominions throughout the world. Call "Long Distance" and place your call in the usual way.

### SHIP-TO-SHORE CALLS

Certain ships in harbor or inland waters and on the Great Lakes or high seas may be reached by telephone. Give your call to the "Long Distance" Operator.

# PLEASE CHECK THIS LIST BEFORE MAKING CALLS TO NEARBY PLACES

Before making Station-to-station calls to nearby places, please check this list so that you will not call Long Distance unless your call is regularly handled by the Long Distance operator. Long Distance places are marked with an asterisk (*). To all places not marked with an asterisk, please place your call through your regular operator.

Rates shown are Station-to-station rates for the initial talking period. This period is five minutes, with the exception of Station-to-station rates of 30c or more—where the initial talking period is three minutes.

**United States government tax not included in the rates shown below**

# Speak Distinctly

When using the telephone speak distinctly, with lips not more than one inch from the mouthpiece. It is unnecessary to shout.

**ILLINOIS BELL TELEPHONE COMPANY**

Oh--wun--fo-wer--siks

siks--too--oh--sev-ven

fi-yiv--ate--ni-yen--oh

fo-wer--th-r-ee--ate--wun

TRY pronouncing the odd little syllables printed above. You will find they sound (and unmistakably) like well-known numbers you use every day.

Now, these words didn't just happen! It was found that several numbers sound much alike over the telephone so careful speech tests were made to find the simplest and surest sounds for the numerals 0 and 9.

Here they are in order: oh (0) . . . wun (1) . . . too (2) . . . th-r-ee (3) . . . fo-wer (4) . . . fi-yiv (5) . . . siks (6) . . . sev-ven (7) . . . ate (8) . . . ni-yen (9).

Illinois Bell telephone operators are trained to speak this way because this is the best way to identify numbers with the least chance of error.

Your telephone company aims to give you the finest possible service at the lowest possible cost.

ILLINOIS BELL TELEPHONE COMPANY

# Give The Person You Call Time to Answer

Time passes slowly when you are waiting at the telephone for some one to answer your call. A few seconds may seem like a couple of minutes.

When you make a telephone call give the person you are calling plenty of time to answer. He may be far from the telephone or may not have heard it ring the first time. He may have been delayed in answering.

By waiting a short time you may save yourself the trouble of calling again.

ILLINOIS BELL TELEPHONE COMPANY

# *For That Home-To-Be...*

# PLANNED TELEPHONE SERVICE!

Telephone service . . . like gas, water and electrical facilities . . . should be planned in advance. Telephone wiring can be as modern and inconspicuous as plumbing and electrical work if *provisions for it are made before your home is built.*

Concealed wiring through the use of rigid, flexible or thinwall conduit, enables you to have *built-in telephone outlets* . . . neat little plates which assure preferred telephone instrument locations and which will add much to the living comfort and convenience of your home-to-be.

Conduit placed in walls and floors by the contractor at the time of construction eliminates exposed wiring on baseboards and moldings and reduces the possibility of interruptions to your telephone service. Costs are nominal. Remember, the telephone company provides all needed wires and wiring work—you merely have the conduit installed.

Your telephone company will be glad to consult with you *without cost or obligation* and make recommendations for built-in conduit. Just call our business office and ask for "Architects' and Builders' Service."

ARCHITECTS, CONTRACTORS AND BUILDERS ARE INVITED TO CALL UPON US FOR ASSISTANCE IN PLANNING TELEPHONE FACILITIES.

ILLINOIS BELL TELEPHONE COMPANY

# Useful Information and Items of Interest

about

# GARY

**Gary,** named in honor of Judge Elbert H. Gary, is located in Lake County, Indiana on the southern shores of Lake Michigan. Here, in 1906, the United States Steel Company began the construction of a new steel works in the heart of the sand dunes which had lain barren for centuries. The triumph of man's engineering skill over the forces of nature in the city's march to metropolitan size has been celebrated in prose and poetry throughout America.

Situated in one of the wonder scenic regions of America, Gary has the largest steel, rail, tin and cement plants in the world, a world famous educational system, and boasts a public spirited citizenry that continues to beautify and improve this wonder city of the Twentieth Century.

---

## Post Office Information

The Gary Post Office is located at 115 E. 6th Avenue and is open to the public on week days from 7:00 A.M. until 6:00 P.M. with the exception of the money order and postal savings section which closes at 5:00 P.M. and opens at 8:30 A.M. Postal Savings, Money Order, and General Delivery sections close at 1:00 P.M. on Saturday. Parcel Post Window closes at 4:00 P.M. on Saturdays. Domestic Mail is divided into the following four classes of shipment:

**First Class:** Letters, etc., 3c for each ounce or fraction thereof. Post cards and postal cards, 1c each.

**Second Class:** Newspapers, periodicals, etc., 1c for each two ounces or fraction thereof.

**Third Class:** Articles weighing not more than eight ounces. Miscellaneous, 1½c for each two ounces up to eight ounces. Books, seeds, catalogs, etc., 1c for each two ounces or fraction thereof.

**Fourth Class:** Parcel Post. Third Class articles over eight ounces and all mailable matter not included in First or Second Class. Rates on Parcel Post vary with weight and mileage.

There are four conveniently located postal substations at the following addresses: 3879 Broadway, 19 W. 17th Avenue, 2231 W. 11th Avenue, 436 So. Lake St.

## Public Library Information

The Gary Public Library, founded in 1908, is located at 220 W. 5th Avenue and is open on week days from 9:00 A.M. until 9:00 P.M. and on Sundays from 2:00 P.M. to 6:00 P.M. There are 255,227 volumes printed in twenty different languages and the annual circulation of these is more than 871,316. Branch libraries are as follows: Alcott Branch, 1651 Delaware St.; Bailey Branch, 1501 Madison St.; East Side Branch, 5th Av. at Georgia St.; Gary Works Branch, Administration Building, Gary Works; Glen Park Branch, 3953 Broadway; Miller Branch, 560 S. Lake St.; Roosevelt Branch, 25th Av. at Jackson St.; Tolleston Branch, 1125 Taft St. In addition, there are township branches and 2 Book Trailers which serve the area surrounding Gary.

## Civic Organizations

The Civic Organizations with their headquarters or meeting places and dates are as follows:

Gary Chamber of Commerce, Hotel Gary.
Gary Junior Chamber of Commerce, Hotel Gary.
Glen Park Assn. of Commerce 2nd Monday, 12:15 P.M. American Legion Post 524 W. Ridge Rd.
Kiwanis Club, Tuesdays, 12:15 P. M. Hotel Gary.
Lions Club, Wednesdays, 12:15 P.M. Hotel Gary.
Rotary Club (Gary), Thursdays, 12:15 P.M. Hotel Gary.
Rotary Club of Glen Park, Wednesday, at 12:15 P.M., Grace Methodist Church, Ridge Road & Adams St., Gary.
Optimist Club, 1st and 3rd Wednesdays, 6:45 P.M. Hotel Gary.
Altrusa Club of Gary, alternate Wednesdays, Chamber of Commerce Grill, 11:45 A.M.

## Transportation

Gary's facilities for transportation by rail and water have been one of the important causes of its remarkable growth. The city is served by the Baltimore & Ohio, Chicago, South Shore & South Bend, Michigan Central, New York Central, Nickel Plate, Pennsylvania and Wabash railroads. There are, in addition to these, two belt lines serving the industrial district while numerous motor coach and interurban lines connect with points to the south, east and west. Excellent bus service is operated to all sections of the city by the Gary Railways Co.

## Recreation

The sand dunes of the Calumet Region have long been the source of attraction to naturalists, geologists and pleasure seekers from many points. The Indiana Dunes State Park, which is being improved by the State of Indiana, is located a few miles east of Gary along the shores of Lake Michigan.

The Gary Park System contains fourteen beautiful parks which offer recreation and diversion of all kinds. There is ample provision for golf, tennis, baseball, picnicking, swimming and boating, while numerous playgrounds offer carefully supervised recreation for children. Gary has several fine theatres of beautiful design.

## Education

No single institution can offer a greater testimonial to Gary's civic growth than its unique educational system. The Gary Plan is designed to give the boys and girls of Gary a balanced program in work, study and play for as long a school day, week, and year as possible. Eight of Gary's school centers house kindergarten through high school. Two centers provide activities in kindergarten through the eighth grade; and the remaining twelve provide an educational program for kindergarten and primary pupils. The Gary schools emphasize diverse educational opportunities such as recreation, night school and summer school. There are, in addition in Gary, ten well equipped parochial schools.

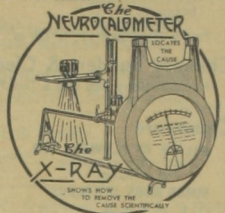
**DR. WARREN S. HAMEL, D. C.**
SPECIFIC STRAIGHT HOLE-IN-ONE
**CHIROPRACTOR**
"Nominal Fee For Consultation"
Our aim is to render up-to-the-minute Scientific and Specific Chiropractic Health Service. The Neurocalometer and X-Ray enables us to get the worst cases better in shorter Time. The Neurocalometer shows us where to adjust, and when to adjust, and when not to adjust. We are interested in chronic problem, stubborn, and difficult cases.

The Specific Advanced Hole-in-one Health Service Technique Is No Guesswork



**THREE VITAL QUESTIONS**
1st — Where is the *LOCATION?* The Neurocalometer *PROVES.*
2nd — *WHAT* is the *POSITION* of the subluxation? The X-Ray *PROVES.*
3rd — The adjustment corrects position and releases pressure. *HEALTH* is the result. *LOCATION* and *POSITION* — both are vitally essential. The Neurocalometer establishes *LOCATION.* The X-Ray establishes Position. *BOTH* are vitally essential. Neither one does the work of the other.

Hours: 10 A.M. to 2 P.M. — 3 P.M. to 8 P.M.
Except Saturday Afternoon

*There's just* ONE *Place to go for a* LOAN!

**YES** . . . everyone is talking about Lincoln's complete loan and finance service which is

**"GEARED TO MODERN NEEDS"**

Lincoln Loan has been financing the consumer for a **QUARTER OF A CENTURY** and offers every possible convenience in borrowing . . . personal loans . . . auto loans . . . furniture loans.

***See LINCOLN FIRST***
**whenever you need**
**MONEY...QUICKLY!**

Lincoln's credit requirements are liberal . . . No comakers are required . . . Monthly repayments are conveniently arranged.

We can refinance all your bills with lower payments . . . Then you will have just one convenient payment to make each month.

**LOANS OF $350 UP TO $1500**

**LINCOLN LOAN**

## Piston Rings–(cont'd)

**SIMPLEX PISTON RINGS**

Stop oil pumping and restore compression without the cost of motor reboring or new pistons. New metal reduces wear, makes motors run more freely.

# REGULATIONS

## APPLICATIONS

Applications for original establishment of service must be made on the Telephone Company's standard application forms. Requests from subscribers for additional service, equipment, etc., may be made orally or in writing, and upon approval, or installation of the service, become a part of the original application. An applicant for service must pay all previous indebtedness to the Company for telephone service before service will be furnished.

## ESTABLISHMENT OF CREDIT

In order to insure the payment of all charges due for its service, the Telephone Company may require any subscriber to establish his credit in a manner prescribed by the tariff.

## OWNERSHIP AND USE OF THE EQUIPMENT

Equipment, instruments and lines on subscriber's premises, furnished by the Telephone Company, shall be and remain the property of the Telephone Company, whose agents and employees have the right to enter said premises at any reasonable hour for the purpose of installing, inspecting, or repairing the instruments and lines or for the purpose of making collections from coin boxes and, upon termination of the service, for the purpose of removing such instruments and lines. Such equipment is not to be used for performing any part of the work of transmitting, delivering or collecting any telephone message where any toll or consideration has been or is to be paid any party other than the Telephone Company, without the written consent of the Telephone Company.

Subscribers must not use or permit to be used any electrical or mechanical apparatus or device in connection with the equipment or facilities furnished by the Telephone Company without the written consent of the Telephone Company, or permit the attachment of any advertising devices, except upon the approval of the Telephone Company. In case any instrument, apparatus, or device of any kind other than that furnished or approved by the Telephone Company is attached to or connected with any part of the Telephone Company's property, the Telephone Company shall have the right to remove such instruments, apparatus, or devices or to suspend the service so long as such instruments, apparatus, or devices are so attached or connected, or to terminate the service.

## INTERRUPTIONS TO SERVICE

If service is interrupted for more than 24 hours, for causes other than the negligence or willful act of the subscriber, credit will be allowed when requested by subscriber, at the minimum rate for the telephone facilities and class of service affected by the interruption, for such time as the interruption continues. No other liability shall attach to the Company in consideration of such service interruption.

## TELEPHONE NUMBERS

The subscriber has no property right in the telephone number or any right to continuance of service through any particular central office. The Telephone Company may change the telephone number or the central office designation, or both, of a subscriber whenever it deems it desirable in the conduct of its business so to do.

## TELEPHONE DIRECTORIES

Directories regularly furnished to subscribers are the property of the Telephone Company, are loaned to subscribers only as an aid to the use of the telephone service, and are to be returned to the Telephone Company upon request or when new directories are issued. The Telephone Company shall have the right to make a charge for directories issued in replacement of directories lost, destroyed, defaced, or mutilated while in possession of subscriber.

No liability arising from errors or omissions in the making up or printing of its directories shall attach to the company except in the case of charge listings, in connection with which its liability shall be limited to a refund at the monthly rate for each listing for the time an error or omission continues after reasonable notice in writing to the Company.

## USE OF SERVICE

Subscriber telephone service is furnished only for use by the subscriber, his family, employees, or business associates, or persons residing in the subscriber's household, except as the use of the service may be extended to joint users or to persons temporarily subleasing a subscriber's residential premises. The Telephone Company has the right to refuse to install subscriber service or to permit such service to remain on premises of a public or semi-public character when the instrument is so located that the public in general or patrons of the subscriber may make use of the service.

## PAYMENT FOR SERVICE

The subscriber is required to pay, in accordance with the Telephone Company's established tariffs, collection and billing practices, all charges for exchange service and equipment, and for all toll messages or service rendered to his station, including all toll messages on which the charges have been reversed and accepted by any party at his station. All bills are due when rendered and are payable at the Telephone Company's business offices.

## BILLS ARE RENDERED ONCE A MONTH

and are payable at the office of the Company. If not paid on or before the fifteenth day after issuance of the bill, written notice calling attention to that fact will be sent to the subscriber; after which action the service may be discontinued, without further notice, if a settlement of the account is not made by the seventh day.

When settlement of the bill is made before telephone instruments have been removed from the premises, service will be restored upon payment of a restoral of service charge.

When settlement of the bill is not made until telephone instruments have been removed from the premises, the regular service connection charge applies.
